Autumn Term

The new school year starts on Wednesday 5th September.

In September the gates onto the school grounds will be opening at 8.40am. Please do not arrive on site early as the gates will not be open before this time.

The doors into school will also be opened at 8.40am to allow an early start to the day. The actual school day begins at 8.50am but we feel this staggered start works well in getting the children in and making a prompt start.

With God's Love
we enjoy and
excel together

Attendance Stars

The school's overall attendance figure for the end of the year is 95.6%. This is an improvement upon last year which is great to see. In assembly today we celebrated the achievement of the sixteen children who managed to keep up a 100% attendance over the course of this year. They all received a special attendance medal and a prize for being a member of the 100 club. Mason Gowenlock won the My Vue cinema tickets.

19.7.2018

It has been another very successful year. The children have, as always, been brilliant. Our results at the end of the Foundation Stage, in the year one phonics check, the year two and year six SAT tests have all been well above the national figures. This is a reflection of the hard work that everyone in school has put into securing these outcomes – the children, the staff and of course the support from parents and carers at home. We have also seen a huge range of trips, visits, activities and sporting events over the year that have all enriched the curriculum for the children. We are very proud of what the school has achieved this year. We hope you all have a great summer break and look forward to the autumn!

Goodbye to Year Six

Our year six children have been enjoying their final week in primary school. They performed their school play 'What a Knight' to the school and to their parents at the start of the week. They were all brilliant and everyone really enjoyed the show. They had their leaver's disco on Wednesday night and today in assembly they received their leaver's pens. We wish them all the very best for the future and look forward to hearing about their achievements.

Moving Class Rooms.

The junior classes are all moving classrooms for next year. Year four and year six are swapping over rooms and year three and year five are also changing rooms. This is to match up the largest classrooms with the oldest children. We will have labels on the walls outside the rooms in September to help remind everyone where to go!

Summer Library Events

The summer is a great time to catch up with a bit of reading and visit a library. The Salford library service are running a range of live events to help get the children reading. Pick up a Salford libraries live booklet to find out more about these events or log onto salfordcommunityleisure.co.uk/live.
