

## **Year 3**

### **Autumn Term Two Homework Project**

#### **‘The World We Live In’**

**I would like you to use the internet and/or an atlas (book of maps) that you have at home to make one of the following:**

1. Create a factfile for a country of your choice.  
I have attached a model of a country I have visited.
2. Create a colourful world map labelling the continents, oceans, countries, and major lines of latitude.
3. Write about a country or city you have visited.  
Feel free to include any human or physical geographical features as well as photographs and information.

*Or create your own idea as long as it is related to ‘The World.’*

**To be handed in WB Monday 4<sup>th</sup> December**
