

Year 5

Autumn Term Two Homework Project

Geography - Regeneration

It is time to get creative year 5.

I would like you to use materials that you have at home to make one of the following:

1) Make a model of a local building.

2) Draw a map of your route to school. Remember to include buildings, iconic features and map symbols.

3) Create a 3D model - this model was uses cardboard which was cut out and stuck in layers to make the rising shape of the land.
