

Year 4

Spring Term One Homework Project

The Industrial Revolution

It is time to get creative year 4. I would like you to use materials that you have at home to make one of the following:

1. Make a model/drawing of one of the inventions created during the Industrial Revolution.

Or create your own idea as long as it is related to the Industrial Revolution.

2. Create a poster comparing the lives of rich and poor Victorian children.

3. A poster/ drawing comparing Victorian schooling to modern day schooling.
