

Year 5
Spring Term 1 Homework Project
The Vikings

It is time to get creative year 5. I would like you to use materials that you have at home to make one of the following:

1) Make a model of a Viking longship.

2) Research one of the key events from the Viking period and create a poster or PowerPoint presentation about your findings.

3) Make a Viking board game – it is believed many Vikings played board games, which were a popular pastime at all levels of society.

Or create your own idea as long as it is related to the Vikings.

**I look forward to seeing your amazing projects by
Friday 9th February 2024.**
