

Year 5
Autumn Term One Homework Project
Anglo-Saxons

It is time to get creative year 5. I would like you to use materials that you have at home to make one of the following:

1) Make a model of a Sutton Hoo helmet and research why the discovery of the helmet is so important.

2) Research one of the key events from the Anglo-Saxon period in Britain and create a poster or PowerPoint presentation about your findings.

3) Make a model of an Anglo-Saxon house and explain how and how it differed from a Roman house.

Or create your own idea as long as it is related to the Anglo-Saxons.
